---

OBJECTIVE

As a highly skilled Software Developer, my passion for innovation and problem-solving drives me to seek a challenging IT position. I am eager to leverage my technical skills and experience in designing and developing cutting-edge software solutions.

EDUCATION

GLS University, *Master's of Computer Application (MCA)*   2021 – 2023 │ Ahmedabad, India

GLS University, *Bachelor's of Computer Application (BCA)*   2018 – 2021 │ Ahmedabad, India

---

PROFESSIONAL EXPERIENCE

Technomark Solutions LLP. (Internship),   Jan 2023 – Jun 2023 │ Ahmedabad, India
Full Stack Developer

As a .NET + Angular Developer, I played a crucial role in designing, developing, and implementing innovative software solutions using the .NET framework and Angular. My responsibilities included working collaboratively with cross-functional teams to gather requirements, analyze business needs, and translate them into technical specifications.

Hi-Tech Smart Solutions, *Full Stack Developer*   Jul 2023 – present │ Ahmedabad, India

As a dedicated .NET Developer with a passion for creating innovative solutions, my objective is to leverage my technical expertise and problem-solving skills to contribute to the success of hi-tech smart solutions projects within a product-based company.

CERTIFICATES

Generation of Machine Learning Dataset from RDBMS for Clustering and Association Analysis

We looked into how to create a machine learning dataset from an existing relational database applied
unsupervised machine learning algorithms to it.

Complete guid to ASP.NET Core MVC (.NET 6)

Learned how to develop ASP.NET MUC applications
using Visual Studio, C#, and HTML/CSS, and how to utilize the full range of features and capabilities offered by the ASP.NET MVC framework.

PROJECTS

* Revords Dashboard, *Web Application*   Sep 2023 – present
- This project is a records dashboard built with Angular and .NET Core. It helps clients track promotions, send promotions, and analyze active customers across various locations.

* Revords, *(Mobile Application in Android, iOS)*   Aug 2023 – Jan 2025
- Revords, a cross-platform app built in React Native, rewards users with points for spinning a wheel at locations like CCD and Restaurants. Users can track and claim their earned points, enhancing their experience with a fun and engaging rewards system.

* WatchStore, *E-Commerce Website*
- This project is purely designed using ASP.NET ⌘ MVC. This website offers a wide choice of high-quality watches for users to browse and purchase online.
